However, you may find that some areas on the Websites will be slower, or may not function at all, and you may not be able to participate in certain activities such as contests or sweepstakes if the cookies are disabled. The Websites may use clear GIFs [Graphics Interchange Formats] (also known as pixel tags, web beacons, or web bugs). A clear GIF is a tiny line of code that is programmed to collect certain information about a visit to a website. We use third-party advertising companies to serve ads on the Websites. These advertising companies may collect and use information (not including your name, address, e-mail address, or telephone number) about your visits to our site and other websites not owned and operated by us, and may also combine this information with other data about your purchases and interests from other online and offline sources, in order to provide advertisements about goods and services of interest to you. In addition, we may share usage information about Users of the

Websites with these companies for the purpose of managing and targeting advertisements and for market research analysis on the Websites and other websites. For these purposes, we and our third-party advertising companies may note some of the pages you visit on the Websites through the use of GIFs. In the course of serving advertisements to the Websites, our third-party advertisers may place or recognize a unique 'cookie' on your computer. The Websites may post banner ads and other forms of advertisements, and/or links to the websites of affiliate entities or of advertisers or sponsors who are companies that are not owned or operated by us, or our affiliates or subsidiaries. These entities may independently solicit and collect personal information or send their own cookies and/or clear GIFs to our Users. We also work with third-party data analytics and online targeting companies. Some of these companies may use non-personal information (not including your name, address, email address, or telephone number) about your visits to the Websites and other websites in order to provide data and targeting recommendations based on which we may provide advertisements about goods and services of interest to you.

When you visit other websites you will also be subject to the privacy policies and terms of usage agreements, if any, of that website operator.

For your protection, we only fulfill requests for the personal information associated with the particular email address that you use to send us your request, and we may need to verify your identity before fulfilling your request. We will try to comply with your request as soon as reasonably practicable.
